USER COUNCIL ACTION ITEMS – FOLLOW UP

SMO

- Follow up with Chief Keeney reference Motorola paging capabilities

- Post fillable form/format with information required by SMO to track coverage issues

- E Button

    o Resolve issue through implementation of some standard (LE – duress code; talk group sharing agreement modification)

- Standardize subscriber identifiers for ALMR (MUST BE FUNCTIONAL AND UNDERSTANDABLE – ONE SYSTEM ACROSS THE BOARD)
    o Must be consistent on System, Motobridge, etc.
    o Get input from units, APSN, dispatchers

OTHER ISSUES TO BE RESOLVED

- DOI has commercial circuits all over the state
    o Explore possibilities of use for Motobridge & other extended coverage
    o Who needs to work this? (Bev Fronterhouse, Tim W, Jim K, Joe Q, John Lynn??)

- TICPs
    o DHS&EM has funds for development, training, etc.
    o They seem to be taking the path of starting from scratch (RFPs, bidding, etc.)
    o Are they reinventing the wheel? If so, why?
    o ALMR has Region A – F TICPs prepared and they were provided to DMVA in 2007 (?)
    o Why not work to update current TICPs and only develop for areas not covered by current trooper dispatch regions?
    o Who needs to work this? (Kathy Day, Joe Q, Rich L, Tim W, 5 Star Team???)

- COML Training
    o Same type issues with DHS&EM with TICPs
    o They have funds available, but who are they working with on ALMR?
    o On line course and certification

- DOT ground-to-air squelches
    o Antenna isolation issue
    o ETS (John Lynn) to come up with a solution
