

User Council Action Items Status for November 5, 2025

1. Mr. John Rockwell requested a reminder be put in place so that as the implementation of Smart Connect gets closer we request Motorola do another demonstration of some of the functionality using the APX NXT radios.
(this is a carryover from the October 2023 meeting)

Briefed at 3 March 2025 User Council meeting: As of 25 February 2025, APSCS has begun turning on and testing their APX NXT radios and will work with Motorola to set up a training session for all agencies.

2. Fire Marshal Kyle Green requested training specific to SmartConnect with a focus on Limitation/Maximum Capabilities of this system, and important configurations for ALMR subscriber units needed to maintain system security under FedRamp's approvals. **(requested at April 2, 2025, meeting)**
3. Mr. Joe Piska, with Motorola, will be providing training on the APX NXT radios and SmartConnect, December 3rd after the User Council meeting adjourns.
