

Alaska Land Mobile Radio Privileged User Acceptable Use Policy

1. Applicability

This policy applies to all employees, contractors, subcontractors, consultants, temporary employees, and other personnel assigned to, or utilizing, the Alaska Land Mobile Radio (ALMR) Communications System, deemed as privileged users. It governs responsibilities pertaining to the appropriate safeguarding of the system, the information contained within, and its proper operational use. Any substantial revision or update of this policy must be approved by the User Council.

2. Policy

All users of ALMR have the primary responsibility to safeguard information contained within ALMR information systems. However, certain privileged users possess greater access and therefore present a greater risk. Therefore, privileged users are held to a higher standard of accountability.

3. Procedures

All privileged users must safeguard against unauthorized or inadvertent modification, disclosure, destruction, denial of service, and misuse of privileges on the system.

Access to any ALMR resource is a revocable privilege and is subject to constant monitoring and security testing. Access to the ALMR network is For Official Use Only (FOUO) and set forth by the Department of Defense Instruction (DODI) 8510.01, *Risk Management Framework (RMF) for DOD Systems*, and in accordance with DODI 8500.01, *Cybersecurity*.

4. Effective Date

This policy shall become effective upon signature and shall remain in effect until rescinded. The policy shall be reviewed periodically and updated, as required.
